Thanks, Alan.

We're making good progress and expect to send a version your way by 2pm pacific. We will then keep moving through as we will still have quite a bit to do on the NWEA references.

Do you have an anticipated timing for any other ag references (wasn't sure if there were any lingering) or the riparian ones? Just trying to stay ahead of staffing.

Thanks, Amy

Amy,

Thanks for sending this. She did have the wrong address. Let me know if you have any questions.

FYI, I think Helen had your email wrong in her initial message...will keep you posted.

Thanks, Helen. Is it just the references tab that we need to look at?

We'll do our best, but will not get through all of these by Monday.

Happy 4th!

Sorry I had to send this from my personal email. My EPA account won't let me mail things when I work from home.
